Ref. 5239: Newly built villas in a hamlet overlooking Lake Trasimeno
Asking Price: € 195.000

Description

The village, with its six independent houses, has a beautiful view of the lake. Depending on your wishes, you can choose from gardens of different sizes. Each villa will be equipped with a beautiful solar-powered conservatory, as a natural extension of the living room, to have a bright and comfortable space to live in at any time of the year. You have the option to open or close the sliding windows, the large sliding windows are completely separated from the sliding door.

If you want more privacy and maybe want to build a swimming pool, you can choose between one of the two detached villas, with about 1000 square meters of garden. If you are looking for something partially manageable, the two central parts, with the same interior spaces, have more intimate gardens. Finally, the two side areas, which are free on three sides, are an excellent compromise between privacy and functionality, but with generous gardens where you can also install an outdoor hot tub or a mini pool.

All six villas, of approximately 100 m², have the same distribution of interior spaces: a large living room with a lovely wood-burning fireplace and a guest bathroom; on the first floor there are two bedrooms, each with a balcony, enjoying the view of the lake from the forest and a bathroom with shower. All six units have a garage. There will be wooden pergolas where climbing plants can be lodged, which will create comfortable places against the sun.

Prices range from €195,000 for the central parts, without conservatory, with approximately 100 square meters of garden, to €285,000 for the single villa, with conservatory, and approximately 1,000 square meters of garden. The two houses on the side, on three sides and with a cost of € 240,000 and € 255,000.

The complex is located on top of a hill with beautiful views of Lake Trasimeno and the hills. The access road is asphalted. Only a kilometer away from the graded town and from all major amenities.

About ItaliaCasa

ItaliaCasa is a fully accredited Italian real estate agency, specialized in the assistance of foreign property buyers in the most beloved parts of Italy. We combine the best of two worlds. Firmly settled in Italy, we do not forget our northern European roots. Our multilingual representatives in Italy are a guarantee for a perfect understanding of the local market conditions. We understand our international clients as we do understand the Italian way of doing business. This enables us to offer to our clients the best possible assistance during the buying process.

Why choose for ItaliaCasa?

A successful purchase in Italy does not end with the finding of the right property on a web site. Especially nowadays an interested buyer can find many intermediaries and web portals through which foreign properties are being offered for sale. Often these type of companies lack any knowledge of Italian real estate, the market situation and the legal system in Italy. It is important to choose an officially registered agency who not only knows their properties, but also can properly facilitate the entire buying process with its expertise. According to ItaliaCasa this is when the important part only begins. The completion of the purchase is the work of specialists who know where problems can arise and which matters require extra attention during the purchase. All land registry, legal and permit aspects are being mapped so the interests of the client are optimally being looked after. The end result is a purchase without worries!
